Supervisor Biane Wins Approval for County Projects

San Bernardino-Today, the San Bernardino County Board of Supervisors approved capital improvement projects benefiting the residents of the Western-end of the county. Second District Supervisor Paul Biane worked hard to see these projects funded, and he is pleased to see his efforts come to fruition.

For the City of Fontana, Supervisor Biane secured \$100,000 from the county in order to help the city with its teen center operations. Moreover, he has successfully persuaded the Board of Supervisors to give the city \$300,000 towards the Fontana Library & Resource Technology Center's construction. "I'm proud to have the County of San Bernardino's support behind our library project," said Fontana Mayor Mark Nuaimi. In order to further Fontana's infrastructure, he procured \$300,000 for the development of trail that runs between Citrus and Beech avenues in Fontana. "Today is a great day for Fontana," said Supervisor Biane.

Supervisor Biane acquired a total of \$158,000 to improve county flood control facilities in the Rancho Cucamonga area. The specific amounts included \$26,082 to fix the Barret Basin in Rancho Cucamonga, \$19,700 to fix drainage issues in the area north of La Colina Drive, and \$112,145 to extend the Almond Intercept Channel. Equally as important, Supervisor Biane further demonstrated his commitment to education by securing another \$300,000 for the Rancho Cucamonga Library, and delivering \$120,000 to re-roof the museum due to rain damage.

The City of Upland benefited from Supervisor Biane's leadership as well. Supervisor Biane won \$150,000 towards improvements in disability-access for San Antonio Park. These enhancements will make San Antonio Park compliant with the Americans With Disabilities Act. "Ensuring that all residents can access our regional parks is one of the best community investments I can make," said Supervisor Biane.

Supervisor Biane also secured \$250,000 to donate towards the finalization and erection of the historic George Chaffey Memorial Statue, which will be on display on the steps of the Upland City Hall. "This statue, sculpted by artist John Edward Svenson, is a real historical tribute to our region's founding fathers and the history of our city," said Upland Mayor John Pomierski.

Through Supervisor Biane's efforts, the San Antonio Heights community will see county improvements. Mr. Biane procured \$150,000 for horse and pedestrian trail improvements.

Such enhancements will enhance the quality of recreation in the area. Furthermore, he won \$83,300 to help County Fire Station 12, which services San Antonio Heights. "These San Antonio Heights projects are necessary. I will continue to look for opportunities to help and serve the San Antonio Heights community," said Supervisor Biane.

Supervisor Biane is honored by the opportunity to improve the quality of life for the residents of the Second Supervisorial District, and he looks forward to continuing to work with community leaders and residents in the future.

A complete list of Second District projects, totaling \$6,188,677 is included below:
